

Fact Sheet: Day Habilitation Programs

Updated (5 /08)

Cape Cod & Islands Developmental Disability Information & Referral Services

What are Day Habs?

Day Habilitation programs (Day Habs) typically work with individuals who are not interested in work, and who might desire a day structured around social and recreational activities, or would benefit from the availability of ancillary supports such as Occupational Therapy, Physical Therapy, Speech and Language, and other assistance. Day Habs are reimbursed by Medicaid for the supports they provide, so individuals must be Medicaid eligible in order to attend these programs.
