

Refer a Caregiver or Family in Need

Kennedy-Donovan Center welcomes people with a wide range of experience in supporting individuals with disabilities or challenges. If someone you know shares KDC's belief that *all* individuals- with or without disabilities- should live in the most supportive setting possible, they may be eligible to be a caregiver and/or recipient of the Adult Foster Care program.

Receive \$250 when you refer someone who may be interested in becoming a caregiver with KDC.

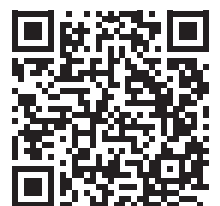

Receive a \$250 gift card when the referred individual or family completes the on-boarding process and required trainings.

CAREGIVER BENEFITS

- A tax-free stipend based on the recipient's needs
- Training and professional support
- 24/7 emergency on-call support
- Respite Care
- Nursing and case management oversight
